Annexure N: Issues to be sorted out

- Suggested police out-post at Govt. Hospitals for admitting unaccompanied patients.
- Speedy admission for all cases at Govt. hospitals
- Co-ordination meeting with DDHS/JDHS/DPMU co-ordinators at the district level to improve Home to PHC/GH utilisation

Legend:

NA – Not Applicable

*- Ineffective Calls – Calls falling under the category of No Response call , Wrong call , Nuisance, Disconnected call , Missed call , General Enquiry call, and Silent Call are classified as Ineffective calls. These calls land in the call center and when attended by the Communication Officer it would either be a nuisance call or disconnected call or any one of the category as mentioned above.

** - Ambulance Busy – Whenever all the ambulances closer to the area have been assigned for an emergency case, and a new emergency case comes in the same area, the Dispatch Officer will enquire with the caller, if he/she can assign a ambulance from the nearby location. The Dispatch Officer will also tell them about the distance the ambulance has to travel and the approximate time it will take to reach the incident location. If the caller is not willing to wait till the specified time, then the Dispatch officer will close this case as “Ambulance Busy” after confirming with the caller.

*** - Life Saved count is an update that is received on a daily basis after verification of PCR and confirmation after 48 hour follow-up, there will be a change in the numbers reported as they keep on adding to the earlier reported life save count, based on the date the case was handled by the team.
