Read :

1. G.O.(Ms).No. 395, Health and Family Welfare (EAP11/2) Department, Dated: 18.10.2007.
2. G.O (Ms).No. 117, Health and Family Welfare (EAP1/1) Department, dated: 04.03.2016.
3. From the Project Director, Tamil Nadu Health Systems Project letter No. 7347/TNHSP /HMIS/2011, dated: 03.09.2016 & 03.10.2016.

ORDER:

The Project Director, Tamil Nadu Health Systems project has stated that Tamil Nadu Health Systems Project (TNHSP) has implemented Health Management Information System (HMIS) in the Government Health Care facilities in Tamil Nadu. The Project cost of Health Management Information System was about Rs. 216 crore funded by World Bank of which the software cost is about 17.33 crore and the Health Management Information System (HMIS) was implemented in a phased manner and it contains 4 components viz., Hospital Management System (HMS) - automates hospital workflow, Management Information System (MIS) - reporting component, College Management System (CMS) & Govt. Medical College Websites, University Automation System (UAS) for TN Dr. MGR Medical University.

2. The Project Director, Tamil Nadu Health Systems Project has stated that the World Bank funding to the Tamil Nadu Health Systems Project was completed on 15.09.2015. In the G.O second read above, among others orders have been issued to hand over the Health Management Information System to the HOD's as detailed below:

- a. The implementation of Health Management Information System (HMIS) and its monitoring in tertiary care hospitals shall be handed over to the Director of Medical Education.
- b. The implementation of Health Management Information System (HMIS) and its monitoring in secondary care hospitals shall be handed over to Director of Medical & Rural Health Services.

- c. The implementation of Health Management Information System (HMIS) and its monitoring in primary health centres shall be handed over to the Director of Public Health and Preventive Medicine.
- d. The program will be funded by the National Rural Health Mission. If funds are not provided by the National Rural Health Mission, the Government may be approached for provision of funds.

3. The Project Director, Tamil Nadu Health Systems Project has further stated that the common activities like software application and server hardware were handed over to the Directorate of Medical Education. The Health Management Information System (HMIS) application is used in various Directorates under Health Department. Since the coordination is essential for the smooth functioning of the Health Management Information System (HMIS), Project Director, Health Management Information System (HMIS) has proposed that the administration, monitoring & coordination control of Health Management Information System (HMIS) from Director of Medical Education may be handed over to National Health Mission. The National Health Mission will provide funds for Health Management Information System (HMIS) activities, monitor, facilitate troubleshooting and review the performance of Health Management Information System (HMIS). The Directorates will have the execution control and will carry out the implementation and maintenance activities.

4. The Project Director, Tamil Nadu Health Systems Project has also stated that It is proposed to form the PMU at National Health Mission for administration, monitoring & coordination control of Health Management Information System (HMIS) activities. National Health Mission has got sanction to appoint one State Data Officer G.O. first read above, It has been proposed to fill up the above post by outsourcing a suitable technical person with the funds available with National Health Mission with enhanced salary. It is also proposed to outsource 5 additional technical persons to be outsourced from Electronics Corporation of Tamil Nadu Limited (ELCOT) / Tamil Nadu e Governance Agency (TNeGA) / National Informatics Centre (NIC) or open market with National Health Mission funds. Proposal will be placed in the supplementary Project Implementation Plan (PIP) for their continuation. The State Data Officer, National Health Mission along with the 5 outsourced professionals, 2 Help Desk personnel and six server administrators, will take over the Health Management Information System (HMIS) application maintenance from the current application developer M/s TCS, till a new consultant firm for Annual Technical Support (ATS) is identified and contracted.

5. The Project Director, Tamil Nadu Health Systems Project has therefore requested the Government to issue orders in this regard:

6. The Government have examined the proposal of the Project Director, Tamil Nadu Health Systems Project and decided to accept the same. Accordingly

the Mission Director, National Health Mission, Tamil Nadu is permitted to take over the administration, monitoring and coordination control of Health Management Information System (HMIS) from Director of Medical Education and Director of Medical and Rural Health Services and Director of Public Health and preventive Medicine and to provide funds, monitor, troubleshoot and review the Health Management Information System (HMIS) activities. The implementation control will be vested with Directorates.

7. The Mission Director, National Health Mission, Tamil Nadu is permitted to outsource 5 technical professional from Electronics Corporation of Tamil Nadu Limited (ELCOT) / Tamil Nadu e Governance Agency (TNeGA) / National Informatics Centre (NIC) or open market with National Health Mission funds and form a PMU under State Data Officer. Proposal will be placed in the supplementary Project Implementation Plan (PIP) for their continuation.

8. The Mission Director, National Health Mission is permitted to take over the application support from the current Health Management Information System (HMIS) application developer M/s TCS with the help of the State Data Officer, 5 outsourced technical personnel till the new consultant firm for Annual Technical Support (ATS) is identified.

9. This order issues with the concurrence of Finance Department, vide its U.O.NO. 59157/H-II/2016, dated: 24.01.2017.
